

Where does our food come from?

There are many places where our food comes from, like fields and orchards or bakeries. Can you match the definition on the right to the food making destination on the left?

BAKERY

FIELD

ORCHARD

DAIRY FARM

GREENHOUSE

PROCESSING PLANT

GROVE

STORE

JUICE FACTORY

FLOUR MILL

A place where customers can purchase foods

A piece of land planted with fruit trees, like apples

Foods, like cocoa beans, are cleaned, made into food products and packaged here

Where bread is made

Where a miller grinds grain

Another word for orchard, where clementines are grown

Where milk is produced by cows

Where fruits, like apples, are processed

A structure where plants like tomatoes are grown, usually made of translucent material like plastic or glass

Where crops, like wheat, are grown
